*Crisis Connection’s counselors handled over 46,000 calls in 2009.
Four times a week, on average, one of those calls involved a case that
posed immediate risk of suicide.*

*We provide free, confidential telephone access to caring, knowledgeable
staff and volunteers who are ready to listen, to respond with non-judgmental
empathy, and to connect callers with helpful resources. Your support of
“Celebrating Our Connections!” will help ensure that we are here for every call.*

CrisisConnection

... so that no one in crisis will be alone
